## **365 Relationship Quotes For Women: Effective Relationship Advice** Allan Wesley

This is a powerful collection of simple yet practical relationship advice, relationship facts and relationship awareness for women. It emphasizes a common sense approach to relationships and you'll find yourself nodding your head in agreement or approval as you read along. In this book, you will find 365 relationship advice packaged as quotes that appeals to you – single, married, divorced, in love, looking for love, have a man or don't have a man.

I wrote this book primarily because of the overwhelmingly positive responses to my Facebook quotes. I wrote it for you – women. I call it “365 Relationship Quotes for Women” since there are 365 days in the year there is a quote for each day. The quotes are really advice that you can read daily for whatever relationship ailment you might have or to help guide you through or prevent a relationship ailment – divorce, loneliness, insecurities, deception, a third party in the relationship, unhappiness, feeling unappreciated, being taken for granted, men, sex, etc...

I hope that some of these quotes become your mantras of sorts to aid you through difficult times and to help prevent difficult ones arising. You can and you should read some of them back to a man as appropriate. The quotes contained herein are practical, powerful and candid. I have avoided “dressing up” these quotes because when you need relationship advice, you, in my opinion, don't need words wrapped or clothed in Shakespearean type language. You need to hear plain simple advice or words to which you can immediately relate.

For example, if you are looking for love, I'm not sure you want to hear me tell you, “Love is like an endless blooming flower watered by the perpetual pouring of the warm feelings of two hearts.” Sure, this quote sounds wonderful but how practical is it? How does it help you as compared to “Look for a man who also loves you”? If you can't find or you don't seek a man who also loves you, you won't be able to fully appreciate the first quote. I deal with practicality and so should you in your relationships.

You can read this book in any order since there's no particular reading order to the book. Every 5th day, I've chosen to expand on the quote. Therefore days 5, 10, 15, 20, etc... have expanded quotes. Most of the quotes, I believe, are self-explanatory. However, I've had requests before to explain the meaning of a particular quote. Hence, I thought it would be beneficial to give you more to read by expanding on every fifth quote.

Happy reading, and please, even though these quotes are deliberately not lengthy, they do pack a powerful punch. Don't only read them but heed them as well. They are most effective when heeded.?
