Human Resource Management In Health Care: Principles And Practice L. Fleming Fallon Jr., Charles R. McConnell

This practical, hands-on book introduces human resources to those who are preparing to work in any area of health care or health service. Written for practitioners and students in all disciplines related to health, the book covers important topics such as recruitment, training, termination, legal issues, labor unions, and much more. Each chapter features a case study to introduce the reader to key topics and concludes with expert commentary and practical suggestions that can be used in the real world. Chapters also feature learning objectives, discussion points, and resources. Many examples and a number of sample forms and documents are included, drawn from the authors' professional experiences, and supplemented with input from other experts.
