Samuel Beckett

Waiting for Godot (Eng rev): A Tragicomedy in Two Acts Samuel Beckett

From an inauspicious beginning at the tiny Left Bank Theatre de Babylone in 1953, followed by bewilderment among American and British audiences, *Waiting for Godot* has become of the most important and enigmatic plays of the past fifty years and a cornerstone of twentieth-century drama. As Clive Barnes wrote, “Time catches up with genius ... *Waiting for Godot* is one of the masterpieces of the century.”

The story revolves around two seemingly homeless men waiting for someone—or something—named Godot. Vladimir and Estragon wait near a tree, inhabiting a drama spun of their own consciousness. The result is a comical wordplay of poetry, dreamscapes, and nonsense, which has been interpreted as mankind’s inexhaustible search for meaning. Beckett’s language pioneered an expressionistic minimalism that captured the existential post-World War II Europe. His play remains one of the most magical and beautiful allegories of our time.
