Focusing on the practical aspects of GMP auditing, Compliance Auditing for Pharmaceutical Manufacturers provides a hands-on approach for performing audits - what questions to ask and what answers to expect - that will save QA professionals and department heads alike time and effort while ensuring compliance. The amount of verbiage has deliberately been kept to a minimum. The purpose of any prose is to supplement the checklists by explaining how to use them and how to determine whether responses are satisfactory. After reading this manual, readers will be able to enter any department in their company or in any other company and perform an in-depth, effective, and efficient cGMP compliance audit.
