**Safeguarding Cultural Properties: Security for Museums, Libraries, Parks, and Zoos** Stevan P. Layne

*Safeguarding Cultural Properties* is a step-by-step guide for creating and maintaining a comprehensive security program in any cultural facility or public institution. Author Stevan P. Layne, the leading expert in the field of cultural property protection, draws from his many years of experience providing protection training and planning to more than 350 cultural and public institutions around the world.

Designed especially for those with limited security budgets, the book provides a proven and effective program for hiring the right security personnel, selecting the appropriate electronic security systems, and coordinating critical emergency response, along with all the other security issues unique to the needs of a cultural institution. For individuals responsible for the protection of the people, assets, and collections, *Safeguarding Cultural Properties* saves time and money by providing the essential resources needed for creating a short- and long-term protection plan.

- The only how-to manual written specifically for security managers of museums, libraries, zoos, and other public and private historic sites
- Suitable for both large and small cultural institutions, it covers topics such as personnel security, fire protection, physical security, emergency response, theft protection, and more
- Provides actionable, cost-effective solutions for institutions with limited security budgets and resources
