Research Methods, 7th Edition Donald H. McBurney, Theresa L. White

Donald McBurney and co-author Theresa White bring years of dedicated scholarship, research, and teaching experience to RESEARCH METHODS. This concise text puts psychological research into a larger scientific context, to show students how psychology fits into a scientific approach to understanding the world. The authors cover all stages of the research process using a step-by-step approach, from project selection, literature search and research protocol selection to publication processes. Utilizing a wide variety of problems that have been selected from psychological literature, McBurney and White successfully convey the excitement and creativity of designing and conducting research.
