*Cast off the curse of calculus!*

Students no longer have anything to fear: *The Complete Idiot's Guide to Calculus, Second Edition*, is here. Like its predecessor, it was created with an audience of students working toward a non-science related degree in mind. A non-intimidating, easy-to-understand textbook companion, this new edition has more explanatory graphs and illustrations and double the number of practice problems.

- First edition of this book has sold more copies than any of the other 70+ books on the subject
- Twice as many practice problems in this second edition
- More college students are now required to take calculus in college than ever before
- Author is an award-winning calculus teacher praised for his ability to make this topic fun and approachable
- His website, calculus-help.com, reaches thousands of students every month
