You is a guide book that answers the What else is there to life, question. IT is a tool in cracking open a realm of reality that can not hide from the light that so many religions darken with their beclouded mists of spiritual slavery. You is an answer to the degradation of society, and a cure for the cancer that is destroying the youth of America. IT is a guide to understanding the rawest form of true love. IT is a guide to getting to self-peace/enlightenment, and IT is written in a way that is easily understood. You is a book that makes a stand on the problems of our world. Fear of these issues is what will create A Brave New World, or the Revelations. You is written so that IT can be understood at different levels, so that anyone can read about IT. IT can only be guided around, and IT is what I am explaining. If You do not get IT now, You are going to hate IT when You are old and living in a sold out world of misery. Everyone sees IT, IT is just a matter of how much we face IT.
