Leadership for Quality Schooling (Student Outcomes and the Reform of Education) Colin W. Evers, Kam-cheung Wong

Leadership for Quality Schooling provides the latest thinking and research on school leadership from a range of international scholars in the field of educational administration. Because of the growing acceptance of school-based models of school management, there is now developing a greater focus on how quality education can be more fully achieved in this increasingly commonplace administrative context. Since one major aspect of promoting quality is the role of school leadership, this book offers a particular focus on the question of the connection between leadership and school improvement, effectiveness and performance. *Leadership for Quality Schooling* will be of interest to educational practitioners, students, researchers, academics and policymakers. It is intended as a guide to the latest research on leadership, as well as a stimulus to further thought for those looking for alternative ideas to existing practices.
