Divorced from the Mob: My Journey from Organized Crime to Independent Woman Andrea Giovino
Divorced from the Mob breaks the mob code of silence and describes the life of Andrea Giovino, a woman born and bred into the Mafia, and her inspirational escape. Sexy and street-smart, Giovino married a mob drug runner, earned a seat at '80s nightclub tables next to John Gotti, and took an emotional and bloody ride through organized crime. Hers was also the task of keeping her children safe—keeping the guns out of reach, washing bloodstains out of her husband's clothes—and maintaining the household's front as a model of American domesticity in her quietly luxurious Staten Island neighborhood of doctors and lawyers, all the while helping manage a criminal enterprise that raked in money. A murder, a DEA set-up, and FBI wiretaps finally brought Giovino, her husband, and her brother to the brink of prison. Defiantly, Giovino chose to retain her identity, facing down threats against her life and courageously divorcing herself and her children from the Gambino world of organized crime. Now a model working parent, Giovino has penned this perspective of mob life largely unexplored by film and literature, and a headline-grabbing expose of organized crime told in a voice readers will never forget.
