## Handbook of Management Accounting Research, Vol. 1

Volume one of the *Handbooks of Management Accounting Research* sets the context for both Handbooks, with three chapters outlining the historical development of management accounting as a discipline and as a practice in three broad geographic settings. The bulk of the first volume then draws together a series of contributions that analyse the scholarly literature in terms of distinct intellectual and theoretical social science perspectives. The volume includes a chapter which looks at work informed by psychology as a base discipline. The volume also includes a set of chapters that seek to evaluate and explain issues of research method for the different approaches to research found within management accounting.

Special pricing available if purchased as a set with Volume 2.

\*Documents the scholarly management accounting literature

\*Publishing both in print, and online through Science Direct

\*International in scope
