Amazing Liver and Gallbladder Flush (Chinese Edition) AndreasMoritz

This book is a popular reading about people health. The author thinks that the gallstones are caused by unhealthy life style of modern people in fact; the people who are too obese, irregular in diet or always eat rich meat are with high risk to have hepatic calculus. As a matter of fact, every one has calculus, though small calculus does not result in obvious pain in the body, they will reflect in our skin, nose, eye and feces, etc. The calculus means the sedimentation of mineral and harmful substances in our bodies, and smaller ones will be eliminated naturally with the excretory system; however, the larger ones will stay in body, and cause uncomfortable when reaching a certain amount. Those will be eliminated according to the methods in the book, to prevent and relax the body itself.
