## Discussing Modernity (Central European Value Studies)

Martin Jay is one of America's leading intellectual historians. His work spans almost all important questions concerning the subject of modernity. Outstanding Polish scholars engage in a dialogue with Jay's work, discussing significant problems of modernity and postmodernity. The book offers a broad panorama of contemporary thought approached from various angles. It is also a unique exercise of intercultural intellectual dialogue covering many areas from literature to politics. The book also includes an essay on photography by Martin Jay and his detailed response to the other contributors, which has the character of an extended conversation with them. The book can serve as an assessment of the uptake of Jay's ideas, and equally well as a general introduction to the genealogy of modernity and postmodernity.
