What Men Want: The Essential Guide on How to Attract Men ... and Keep Them! James Taylor

Is your love life currently going nowhere?

Are you at a total loss as to why men seem completely disinterested in a relationship with an amazing woman like you?

And do you feel that your dreams of becoming a wife and a mother are starting to quickly slip away such that you're now beginning to contemplate the very real possibility of spending the rest of your life alone?

If so, I can tell you that all is definitely not lost. I am going to show you exactly how to turn this around and get the kind of boyfriend or husband that you really deserve.

"What Men Want: The Essential Guide on How to Attract Men ... and Keep Them!" is a 140+ page step-by-step formula on exactly how to attract the man of your dreams into your life and keep him around forever – even if you are only average looking, have always struggled to get the attention of men, and are now advancing in years.

And once you are in a relationship or marriage with this man, the book will also show you how to increase the levels of intimacy and commitment, and make sure that he never leaves or cheats on you.

In “What Men Want”, I disclose to you:

- The 10 qualities that men most want in a woman and how you can embody them fully
- The absolute best and most reliable ways to find, meet and attract amazing men
- How to make a great man fall madly in love with you and desperately want to commit
- How to please your man and keep him interested over time

Included in all this, I reveal the following key things:

- The truth about how physically attractive you need to be for a guy to like you.
- The attributes that men find most physically attractive in a woman, including one thing that most women can easily change to make themselves look much younger and more alluring.
- How to cause men to see you as more physically attractive than you really are – without changing your appearance.
- One very poorly understood and often overlooked quality that is probably the most important in terms of

what men want in a girlfriend or wife.

- Why less than 1% of the men who are attracted to you will actually make an approach and how you can encourage far more of them to.
- What to do when you meet a guy you like so that you move towards romance rather than just friendship.
- One easy thing you can do to make a man almost defenseless to your feminine charms.
- Two things that you must avoid doing if a man is to consider you relationship/marriage material.
- The three things that must be present for a man to fall madly in love with you.
- Vital strategies on how to keep a man happy in a relationship over time, so that he won't ever consider leaving you or cheating.

If you apply my dating and relationship advice, you will appear far, far more attractive to the type of men that you want to make your boyfriend or husband.

Furthermore, these men will be much more motivated to put the effort into pursuing you, spending time with you, and eventually committing to you long term.

What all this means is that you will have more men, and in particular, a higher quality of men to choose from than ever before.

And out of these men you should be able to find that one special guy to marry, start a family with and grow old together.

Finally, once you are in a relationship with this man you will be able to take it to the next level with what you learn in this book. You will create that extra spark with your boyfriend or husband that will make him yours forever.
