"I loved this book! So helpful!" -- Courtney Milan, New York Times Best Selling author of *The Governess Affair*

"Have you ever wanted to double your daily word counts? Do you feel like you're crawling through your story, struggling for each paragraph? Would you like to get more words every day without increasing the time you spend writing or sacrificing quality? It's not impossible, it's not even that hard. This is the story of how, with a few simple changes, I boosted my daily writing from 2000 words to over 10k a day, and how you can, too."

Expanding on her highly successful process for doubling daily word counts, this book--a combination of reworked blog posts and new material--offers practical writing advice for anyone who's ever longed to increase their daily writing output. In addition to updated information for Rachel's popular 2k to 10k writing efficiency process, 5 step plotting method, and easy editing tips, this new book includes chapters on creating characters that write their own stories, story structure, and learning to love your daily writing. Full of easy to follow, practical advice from a commercial author who doesn't eat if she doesn't produce good books on a regular basis, 2k to 10k focuses not just on writing faster, but writing better, and having more fun while you do it.

New for Fall 2013! This Revised Edition includes updates and corrections for all chapters!
