Virtuous War: Mapping the Military-Industrial-Media-Entertainment-Network James Der Derian

Virtuous War is the first book to map the emergence and judge the consequences of a new military-industrial-media-entertainment network. James Der Derian takes the reader from a family history of war and genocide to new virtual battlespaces in the Mojave Desert, Silicon Valley, Hollywood and American universities. He tracks the convergence of cyborg technologies, video games, media spectacles, war movies, and do-good ideologies that produced a chimera of high-tech, low-risk 'virtuous wars'.

In this newly updated edition, he reveals how a misguided faith in virtuous war to right the wrongs of the world instead paved the way for a flawed response to 9/11 and a disastrous war in Iraq. Blinded by virtue, emboldened by technological superiority, seized by a mimetic terror, the US blundered from one foreign fiasco to the next.

Taking the long view as well as getting up close to the war machine, *Virtuous War* provides a compelling alternative to the partisan politics, instant analysis and technical fixes that currently bedevil US national security policy.

If you want to buy the e-book, you can wide open their official web-site as well as order it. Have a nice go through.

Shannon Thomas:

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their pastime. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Virtuous War: Mapping the Military-Industrial-Media-Entertainment-Network can make you experience more interested to read.
