The revised and enlarged edition of the leading anthology provides the essential writings of Marx and Engels... Those works necessary for an introduction to Marxist thought and ideology. Among the major features of the revision are selections from the "Contribution to the Critique of Hegel's Philosophy of right," additional selections from the Economic and Philosophic Manuscripts of 1844 and other early Marx writings, the Grundrisse (more than any competing text), and additions to Capital and other late writings by Marx and Engels.
