Proper household organization can be seen by many as one of the most daunting tasks any homemaker can face. In our modern lives, our time is taken up by a number of pursuits that all keep us away from proper home organization, decluttering and cleaning your home.

Unlike 60 years ago when a mother stayed at home, today most families require that both partners work. With kids, school runs, extramural activities and other challenges, we have little time to worry about our homes. We are happy to spend a little time here and there cleaning and organizing.

Unfortunately, this often results in homes that slowly but surely become filled with clutter and stuff we do not need. This piles up everywhere and unless dealt with, can cause a number of problems.

With this book, I hope to help you understand why an unorganized, clutter-filled home is not ideal. **Once you know the reasons why you should keep your home organized and clutter-free, it is far easier to get into gear and do so.**

Please take the time to go through the book slowly as there are many organization tips, and ideas on minimalist living to take in. My objective is to provide you with all the information you need on household organization. The book contains 3 separate weekly plans on how to **Organize Your Home**. You can use

these plans exactly as they are, or adapt them to suit your needs.
