The Paganism Reader

The Paganism Reader

Paganism is one of the world's fastest-growing religions, practised in a huge variety of ways. *The Paganism Reader* provides a definitive collection of key sources in Paganism, ranging from its ancient origins to its twentieth-century reconstruction and revival. Chronologically organized sections include extracts from ancient Greek, Norse and Celtic literature, inspirational texts from the early twentieth-century, writings by leaders of the Pagan revival, and newer perspectives showing the diversity of Paganism today. Witchcraft, nature religion, shamanism and goddess worship are considered, as is the influence of environmental and feminist movements. Fully introduced, with editors' prefaces to all extracts and suggestions for further reading, this comprehensive book is an invaluable guide to Paganism and critical issues in its study.
