The 2015 US Calendar continues the tradition of its successful predecessors, which have become the favourite calendar of many users: a platform brought to perfection, easy-to-use note-taking and highlighting options and useful quick links. Besides being practical, the calendar also offers much pleasure to the eyes: the different months are illustrated with breath-taking photos taken of the most fabulous spots of the US. It is simple and quick to use, months with federal holidays are immediately seen and each week is connected to the Google Calendar through its link.
