El discurso de la última pieza del Universo (Spanish Edition)

Agustín Galán

El discurso de la última pieza del Universo (Spanish Edition) Agustín Galán

En este libro el autor explora el campo de la filosofía de partículas elementales (la última realidad) utilizando las ideas más brillantes y esclarecedoras de las obras de divulgación científica publicadas recientemente. Los datos y las reflexiones contenidas en este texto son de gran ayuda para todos los que deseen entender los descubrimientos y teorías de la astrofísica moderna y obtener así una imagen completa de los mejores y más claros conceptos utilizados por los científicos de hoy así como de sus implicaciones filosóficas. El libro, escrito por un periodista con una sólida formación filosófica, constituye una espléndida síntesis de las sofisticadas teorías y ecuaciones de los científicos y de sus trabajos de divulgación. Es, a la vez, un relato de la metafísica que se encuentra detrás de la física actual y un recuento del discurso literario y científico sobre el Universo: La búsqueda de su última pieza desde la obra de Stephen Hawking y de sus colegas y también desde la literatura de Borges y Walt Whitman. La última pieza del Universo es, en suma, un ensayo de filosofía de partículas elementales o de teología cuántica, ya que, como sugiere Borges, no podemos saber si las palabras Universo y Dios son diferentes. Con este libro el autor ha conseguido un texto plenamente informativo y provocador desde un punto de vista intelectual sobre la física y la metafísica actuales, un texto adecuado tanto para los amantes de la ciencia como para aquellos que, como escribía Vázquez Montalban, "insuficientemente dotados para cosmonautas elegimos el duro tobogán de las humanidades".

William Matthews:

This El discurso de la última pieza del Universo (Spanish Edition) is great book for you because the content which is full of information for you who also always deal with world and get to make decision every minute. This specific book reveal it details accurately using great coordinate word or we can point out no rambling sentences inside it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but tricky core information with splendid delivering sentences. Having El discurso de la última pieza del Universo (Spanish Edition) in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no book that offer you world throughout ten or fifteen minute right but this e-book already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. active do you still doubt that will?

Wayne McKnight:

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just very little students that has reading's soul or real their interest. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's

country. Therefore this El discurso de la última pieza del Universo (Spanish Edition) can make you sense more interested to read.
