Kaplan MAT (Kaplan Test Prep) Kaplan

A prerequisite for entrance into many graduate or postgraduate programs in the arts and sciences is the Miller Analogies Test (MAT). With the fifth edition of Kaplan's *MAT*, students preparing to take this challenging exam will have a competitive edge. A high MAT score can also be used to support an application for financial aid in a graduate or doctoral program. Through analogies with content from various academic subjects, the MAT is designed to reflect a candidate's knowledge and abilities by determining their analytical thinking abilities.

Kaplan's *MAT* includes more than 700 sample analogies, plus Kaplan's exclusive test-taking strategies to maximize students' scores. This powerful combination makes this book a highly effective way to prepare for the MAT.

Kaplan's *MAT* features:

- Seven practice tests with detailed answer explanations
- Review of the general knowledge tested on the MAT, including literature, history, vocabulary, mathematics, fine arts, and more
- Strategies for answering different types of analogy questions
