**Autodesk Inventor 2010 for Designers** Prof. Sham Tickoo Purdue Univ. and CAD/CIM Technologies **Autodesk Inventor 2010 for Designers** is a comprehensive textbook that introduces the users to Autodesk Inventor 2010, a feature-based 3D parametric solid modeling software. All environments of this solid modeling software are covered in this textbook with thorough explanation of commands, options, and their applications to create real-world products. The mechanical engineering industry examples that are used as tutorials and the related additional exercises at the end of each chapter help the users to understand the design techniques used in the industry to design a product. Additionally, the author emphasizes on the solid modeling techniques that will improve the productivity and efficiency of the users.

After reading the textbook, the users will be able to create solid parts, sheet metal parts, assemblies, weldments, drawing views with bill of materials, and presentation views to animate the assemblies. Also, the users will learn the editing techniques that are essential for making a successful design.

Instructor s guide that provides solutions to review questions and exercises

**About the Authors** CAD/CIM Technologies, Prof. Sham Tickoo of Purdue University Calumet, and the team of dedicated contributing authors are committed to bring you the best textbooks and free teaching and learning resources on Computer Aided Design and Manufacturing (CAD/CAM), Computer Programming and Applications, GIS, Civil, Animation, and related technologies. We strive to be the first and the best. That is our promise and our goal. Our team of authors consists of highly qualified and experienced Professionals who have a strong academic and industrial background. They understand the needs of the students, the faculty, and the challenges the students face when they start working in industry. All our textbooks have been structured in a way that facilitates teaching and learning, and also exposes students to real-world applications. The textbooks, apart from providing comprehensive study material, are well appreciated for the simplicity of content, clarity of style, and the in-depth coverage of the subject.

### **From reader reviews:**

John Champlin: Here thing why this specific Autodesk Inventor 2010 for Designers are different and dependable to be yours. First of all reading through a book is good nevertheless it depends in the content of it which is the content is as delicious as food or not. Autodesk Inventor 2010 for Designers giving you information deeper and different ways, you can find any reserve out there but there is no reserve that similar with Autodesk Inventor 2010 for Designers. It gives you thrill examining journey, its open up your eyes about the thing that will happened in the world which is maybe can be happened around you. You can actually bring everywhere like in park, café, or even in your approach home by train. In case you are having difficulties in bringing the printed book maybe the form of Autodesk Inventor 2010 for Designers in e-book can be your option.

Laura Ide: This Autodesk Inventor 2010 for Designers usually are reliable for you who want to be a successful person, why. The reason why of this Autodesk Inventor 2010 for Designers can be among the great books you must have is actually giving you more than just simple reading through food but feed an individual with information that maybe will shock your preceding knowledge. This book is usually handy, you can bring it all over the place and whenever your conditions at e-book and printed ones. Beside that this Autodesk Inventor 2010 for Designers giving you an enormous of experience like rich vocabulary, giving you trial of critical thinking that we realize it useful in your day action. So , let's have it and enjoy reading.

Rod Reese: Autodesk Inventor 2010 for Designers can be one of your nice books that are good idea. Most of us recommend that straight away because this e-book has good vocabulary that will increase your knowledge in language, easy to understand, bit entertaining but nevertheless delivering the information. The article writer giving his/her effort that will put every word into joy arrangement in writing Autodesk Inventor 2010 for Designers but doesn't forget the main stage, giving the reader the hottest along with based confirm resource facts that maybe you can be one among it. This great information could drawn you into new stage of crucial considering.

Donald Lee: Don't be worry should you be afraid that this book will probably filled the space in your house, you will get it in e-book means, more simple and reachable. That Autodesk Inventor 2010 for Designers can give you a lot of friends because by you taking a look at this one book you have thing that they don't and make you actually more like an interesting person. That book can be one of one step for you to get success. This guide offer you information that maybe your friend doesn't know, by knowing more than various other make you to be great folks. So , why hesitate? Let us have Autodesk Inventor 2010 for Designers.
