Essentials of International Economics Robert C. Feenstra, Alan M. Taylor

Developed in the classroom by two of the most prominent researchers in the field, Feenstra and Taylor's *International Economics* is a modern textbook for a modern audience, connecting theory to empirical evidence and expanding beyond the traditional focus on advanced countries to cover emerging markets and developing economies. *Essentials of International Economics*, Third Edition is the brief version of that textbook designed for a one-semester course covering both international trade and international macroeconomics. The new edition has been thoroughly updated, including the latest on the Eurozone crisis.
