Find your own voice!

Highly engaging, well-researched, and balanced, this second edition takes a close look at current issues, theory, and research in the psychology of women. You will hear many voices in this text—from women of various racial and cultural backgrounds and social classes, from different sexual orientations, and voices that are young and old and also middle aged. You'll also explore multiple perspectives on issues, so you can draw your own conclusions about the information you're reading, and ultimately find your own voice.
