Interpersonal Behaviour: The Psychology of Social Interaction (Chinese Edition) Fu Jia Si

To have effective interpersonal ability is very important in our daily life and work. The book talks about the skill of daily communication-social psychology. Although most interpersonal behaviors are unselfconscious and senseless, it may contain extremely complicated psychological activities. Here, the book talks about the following issues: the way we observe and explain other peoples bahavior; the way we form the impression on our companion; the usage of language and non-language communication skills and impression management strategy; the development and manintenance of valuable personal relationship, social effect process, and our behaviours methods in groups.
