The Gas Station in America (Creating the North American Landscape)

John A. Jakle, Keith A. Sculle

The Gas Station in America (Creating the North American Landscape) John A. Jakle, Keith A. Sculle

In the first volume of their celebrated "Gas, Food, Lodging" trilogy, John Jakle and Keith Sculle offer a comprehensive history of the American gas station, exploring every aspect of this roadside icon, including its evolving architectural identity; its place in both the American landscape and popular culture; the corporate decisions that determined its look and location; its metamorphosis into the mini-mart; and its role as the most visible manifestation of one of the world's largest industries. From the quaint curbside filling stations of the 1910s to the novelty designs of the 1920s (when stations were built to resemble English cottages, Greek temples, Dutch windmills, and Spanish missions) to the Bauhaus-inspired stations of the 1930s to today's nationwide chains of brightly lit look-alikes, *The Gas Station in America* is the definitive book on the subject. Richly illustrated with more than 150 images--postcards of gas stations, vintage ads, maps, and other memorabilia--this book bears witness to an economic and cultural phenomenon that continues to be a defining part of the American experience.

From reader reviews:

Ramona Wrenn:

Do you have favorite book? In case you have, what is your favorite's book? Book is very important thing for us to find out everything in the world. Each publication has different aim as well as goal; it means that publication has different type. Some people experience enjoy to spend their the perfect time to read a book. They are really reading whatever they get because their hobby is reading a book. Why not the person who don't like looking at a book? Sometime, individual feel need book when they found difficult problem or exercise. Well, probably you should have this The Gas Station in America (Creating the North American Landscape).

Buddy Stewart:

As people who live in the modest era should be upgrade about what going on or information even knowledge to make all of them keep up with the era that is always change and move ahead. Some of you maybe will update themselves by looking at books. It is a good choice in your case but the problems coming to anyone is you don't know what one you should start with. This The Gas Station in America (Creating the North American Landscape) is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and need in this era.

James Mace:

Reading a book can be one of a lot of task that everyone in the world really likes. Do you like reading book so. There are a lot of reasons why people fantastic. First reading a guide will give you a lot of new details. When you read a guide you will get new information because book is one of numerous ways to share the information or their idea. Second, studying a book will make you more imaginative. When you examining a book especially fiction book the author will bring that you imagine the story how the personas do it anything. Third, you could share your knowledge to other individuals. When you read this The Gas Station in America (Creating the North American Landscape), it is possible to tells your family, friends and soon about yours publication. Your knowledge can inspire the others, make them reading a e-book.

Warren Cruz:

Many people spending their period by playing outside with friends, fun activity together with family or just watching TV all day every day. You can have new activity to pay your whole day by reading a book. Ugh, do you think reading a book can actually hard because you have to use the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Cell phone. Like The Gas Station in America (Creating the North American Landscape) which is keeping the e-book version. So , try out this book? Let's see.
