Deep in the Pacific Northwest lies the Olympic National Forest—nearly one million acres of impenetrable darkness and impossible beauty. Even in this modern age, much of it remains undiscovered and uncharted. From the heart of this old forest, a six-year-old girl appears. Speechless and alone, she can give no clue as to her identity, no hint of her past. . . .

Until recently, Dr. Julia Cates was one of the preeminent child psychiatrists in the country, but a scandal shattered her confidence, ruined her career, and made her a media target. When she gets a desperate call from her estranged sister, Ellie, a police chief in their small western Washington hometown, she jumps at the chance to escape.

In Rain Valley, nothing much ever happens—until a girl emerges from the deep woods and walks into town. She is a victim unlike any Julia has ever seen: a child locked in a world of unimaginable fear and isolation.

When word spreads of the “wild child” and the infamous doctor who is treating her, the media descend on Julia and once again her competence is challenged. State and federal authorities want to lock the girl away in an institution until an identification can be made.

But to Julia, who has come to doubt her own ability, nothing is more important than saving the girl she now calls Alice. To heal this child, Julia will have to understand that she cannot work alone and must look to others—the people in the town she left long ago, the sister she barely knows, and Dr. Max Cerrasin, a handsome, private man with secrets of his own.

Then a shocking revelation forces Julia to risk everything to discover the truth about Alice. The ordeal that follows will test the limits of Julia’s faith, forgiveness, and love, as she struggles to ascertain where Alice ultimately belongs.

In her most ambitious novel to date, Kristin Hannah delivers an incandescent story about the resilience of the human spirit, the triumph of hope, and the mysterious places in the heart where love lies waiting.

As we know that book is important thing to add our expertise for everything. By a guide we can know everything we would like. A book is a list of written, printed, illustrated or even blank sheet. Every year was exactly added. This e-book Magic Hour was filled about science. Spend your free time to add your knowledge about your technology competence. Some people has several feel when they reading a book. If you know how big benefit from a book, you can really feel enjoy to read a publication. In the modern era like now, many ways to get book that you simply wanted.

Elizabeth Maez:

As a college student exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Magic Hour can make you feel more interested to read.
