The Icu Book

Paul L. Marino

The Icu Book Paul L. Marino

This book captures the generic information of practical significance for anyone functioning in an intensive care unit regardless of its medical or surgical environment. The Second Edition has been thoroughly revised and updated. Seven new chapters have been added for specific clinical coverage of neurologic crises, myocardial infarction, AIDS, and the important problem of post-operative management. Drug-to-drug and drug-to-nutrient interactions are grouped in an appendix by the nature of the interaction (lethal, serious, and minor). The coverage of Clinical Scoring Systems has been expanded. There's also an appendix of Enteral Feeding Formulas which provides specific recipes for the common nutritional packs used in ICU environments. Recommended in the Brandon/Hill list of print books and journals for the small medical library - April 200

From reader reviews:

Jose York:

The actual book The Icu Book will bring you to definitely the new experience of reading a book. The author style to explain the idea is very unique. In the event you try to find new book you just read, this book very suited to you. The book The Icu Book is much recommended to you to read. You can also get the e-book in the official web site, so you can easier to read the book.

Michael Chapman:

Exactly why? Because this The Icu Book is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will jolt you with the secret this inside. Reading this book next to it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of benefits than the other book include such as help improving your ability and your critical thinking means. So , still want to hold up having that book? If I have been you I will go to the publication store hurriedly.

Charlotte Kuester:

The Icu Book can be one of your basic books that are good idea. Most of us recommend that straight away because this publication has good vocabulary that will increase your knowledge in words, easy to understand, bit entertaining but nevertheless delivering the information. The copy writer giving his/her effort to put every word into joy arrangement in writing The Icu Book but doesn't forget the main level, giving the reader the hottest along with based confirm resource data that maybe you can be one among it. This great information may drawn you into brand new stage of crucial imagining.

Roxanne Pineda:

Reading a book being new life style in this calendar year; every people loves to read a book. When you learn a book you can get a wide range of benefit. When you read textbooks, you can improve your knowledge, mainly because book has a lot of information in it. The information that you will get depend on what forms of book that you have read. In order to get information about your examine, you can read education books, but if you want to entertain yourself look for a fiction books, these us novel, comics, along with soon. The The Icu Book will give you a new experience in looking at a book.
