The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi Simon Monk

Where will you be when the zombie apocalypse hits? Trapping yourself in the basement? Roasting the family pet? Beheading reanimated neighbors?

No way. You'll be building fortresses, setting traps, and hoarding supplies, because you, savvy survivor, have snatched up your copy of *The Maker's Guide to the Zombie Apocalypse* before it's too late. This indispensable guide to survival after Z-day, written by hardware hacker and zombie anthropologist Simon Monk, will teach you how to generate your own electricity, salvage parts, craft essential electronics, and out-survive the undead.

Take charge of your environment:

- Monitor zombie movement with trip wires and motion sensors
- Keep vigilant watch over your compound with Arduino and Raspberry Pi surveillance systems
- Power zombie defense devices with car batteries, bicycle generators, and solar power

Escape imminent danger:

- Repurpose old disposable cameras for zombie-distracting flashbangs
- Open doors remotely for a successful sprint home
- Forestall subplot disasters with fire and smoke detectorsown electricity, salvage parts, craft essential electronics, and out-survive the undead.

Communicate with other survivors:

- Hail nearby humans using Morse code
- Pass silent messages with two-way vibration walkie-talkies
- Fervently scan the airwaves with a frequency hopper

For anyone from the budding maker to the keen hobbyist, *The Maker's Guide to the Zombie Apocalypse* is an essential survival tool.

From reader reviews:

Gerard Williams:

Book is to be different for every grade. Book for children till adult are different content. To be sure that book is very important for us. The book The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi had been making you to know about other information and of course you can take more information. It is rather advantages for you. The e-book The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi is not only giving you far more new information but also for being your friend when you sense bored. You can spend your own personal spend time to read your book. Try to make relationship using the book The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi. You never really feel lose out for everything when you read some books.

John Rivera:

The e-book untitled The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi is the e-book that recommended to you to study. You can see the quality of the reserve content that will be shown to a person. The language that creator use to explained their ideas are easily to understand. The copy writer was did a lot of research when write the book, to ensure the information that they share to your account is absolutely accurate. You also could possibly get the e-book of The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi from the publisher to make you a lot more enjoy free time.

Sylvia Alexander:

The particular book The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi has a lot of information on it. So when you check out this book you can get a lot of advantage. The book was published by the very famous author. The author makes some research previous to write this book. This kind of book very easy to read you can obtain the point easily after reading this article book.

Verna Krell:
