A practical and visionary look at creative educational leadership in today's digital environment

Technology Leadership for School Improvement provides prospective and current K–12 educational leaders with practical coverage of the skills and knowledge necessary to manage and administrate technology in school settings. Designed to help educational leaders develop an understanding of multimedia teaching tools that optimize learning, as well as the leadership skills needed to support others, this one-of-a-kind book explores data-driven decision making and technology standards. Each chapter is written by a specialist in the field and follows a common format.

Features

- **Critical questions** at the beginning of each chapter help readers focus on key objectives.
- **Case studies** with discussion questions and activities provide opportunities for readers to analyze applied situations.
- **End-of-chapter learning aids** include *Key Principles for Leaders to Know* sections that summarize each chapter's content and *Web Resources* that provide links to additional information.
